Developing Resourcefulness
Duration 29 min. 22 sec.
Being able to do more with less is a highly valued skill in any organization, and not just in down times. In this course you will assess your resourcefulness by first evaluating your professional resources (personal network, expertise, information, and access to finances) and how to decide when and how to use them.

Managing Resources Across Team Projects
Duration 1 hr. 36 min.
Resource management is an area that's little understood, but it's one of the biggest reasons why projects run late, which is a huge cause of stress and chaos in organizations.

Crisis Communication
Duration 1 hr. 2 min.
Every organization needs to plan how to communicate internally and externally in the event of a crisis. This course walks you through the process of preparing your organization to communicate with employees, customers, suppliers, media, and the public at large.

Fred Kofman on Accountability
Duration 1 hr. 10 min.
In business, most work is done collaboratively. Key to this is the need to hold each other accountable so we can all succeed in our goals. But how does one hold direct reports, colleagues, or even bosses accountable?
